EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Khatri (Reg. 51,873) on 4/3/3006.

The application has been amended as follows:

Per claim 1:

In line 11: after "instrumenting," "the" has been replaced with --a--

In line 14: "instrumented detection" has been replaced with --the instrumented race detection--.

Per claim 10:

In line 11: after "instrumenting," "the" has been replaced with --a--

In line 15: "instrumented detection" has been replaced with --the instrumented race detection--.

These amendments were necessary in order to further clarify the claims and obviate any rejection under 35 U.S.C. 112 2nd.

Examiner's Statement of Reason(s) for Allowance

2. Claims 1-18 are allowed.

3. The following is an examiner's statement of reasons for allowance:

The closest prior art of record, i.e. Kim, taken alone or in combination, fail to teach or fairly suggest at least: transforming the original parallel loop into a full race covering loop and then instrumenting the race detection function for the transformed parallel loop as recited in the independent claims 1 and 10.

While Kim discloses the on-the-fly first races detection method, Kim does not transform parallel loop into a full race covering loop and instrument a race detection function for that transformed parallel loop.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Insun Kang whose telephone number is 571-272-3724. The examiner can normally be reached on M-F 7:30-4 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Kakali Chaki can be reached on 571-272-3719. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
